2.0 – CLARIFICATIONS

The following clarifications are provided as a matter of information to clarify issues raised about the Proposal Documents.

Item	Description
1	Section 2.A.c: Consultant Services Required -DBE Please note that the DBE goal is 0% for this project.
2	Section 2.A.f: Consultant Services Required -Public Meetings Facilitation of up to two public meetings are included in this project for NEPA.
3	Section 2. E.e.ii: Consultant Services Required -Lighting Photometric lighting analysis is required at intersections with public roads and commercial driveways. The consultant will evaluate whether lighting deficiencies contribute to safety concerns at each intersection. As an example, recommendations may include adding or upgrading luminaires, improving crosswalk illumination, relocating light poles, or replacing outdated fixtures within the intersection influence area. If the evaluation identifies a need, the consultant will develop lighting improvements for those intersections. The evaluation does not include designing continuous street lighting between intersections or along adjacent roadway segments unless those segments directly affect intersection safety.
4	Section 2. E.e.iii: Consultant Services Required -Signalization

	Pedestrian signal improvements for signalized intersections shall be evaluated only. If recommended, the proposed improvements will be forwarded to SHA for design consideration.
5	Section 2.F.a.v: Consultant Services Required -Landscaping/Restoration It is anticipated that landscaping design services will be required for stormwater management, to replace landscaping identified for removal/relocation as part of this project, and for other required restoration or permit requirements.
6	Section 2.G.b.iii: Consultant Services Required-NEPA SHA will carry out coordination with relevant environmental agencies once all supporting documentation has been provided by the consultant. In some cases, additional work on the part of the consultant may be required should unexpected environmental impacts be encountered in the course of this process.
7	Section 2.H: Consultant Services Required-ROW Preliminary ROW impacts and temporary access needs (Section 2.D.g) are included in the project and eligible for federal reimbursement. Task H is provided when ROW acquisition is needed. These ROW services are required only if funded by Worcester County.
8	Section 2.Schedule Requirements.D Change SHA and Worcester County review periods from no less than 30 days to no less than 45 days.
9	Section 7: Evaluation Criteria Remove the following Sections listed as being rated A, U, or N: a. Scope of Services b. Example Projects
