Item	Questions and Answers
1	While reviewing Section V, Approach, Experience, Staffing and Qualifications, we noticed that the lettered sub-sections skip from B (Staffing) directly to D (Example Projects), with no Section C appearing in either the Table of Contents or the body of Section V. Could you please confirm whether Section C was intentionally omitted, or whether a sub-section was inadvertently left out of the document? If a Section C exists and should be included, we would appreciate guidance on its requirements so we can address it in our proposal. There is no Section C. Sections C and D combined in the RFP development into a single section. The paragraph multi-level listing and table of contents did not update correctly to show this combined section in Section C, rather it's shown as Section D..
