

Attachment A

General Provision

Summary

- Scope of Work

- Work Restrictions

Administrative Requirements

- Project Management and Coordination

- Submittal Procedures

- Safety Requirements

Quality Requirements

- QA/QC

- Regulatory Requirements

Temporary Facilities and Controls

- Temporary Utilities

- Temporary Traffic Controls

- Construction Staging Area

- Temporary Erosion and Sediment Controls

Product Requirements

- Delivery Storage and Handling

Execution and Closeout Requirements

- Cleaning and Waste Management

- Closeout Procedures

- Closeout Submittals

Concrete

- Cast-in-Place including Forming, Testing and Curing

- Reinforcement

- Precast Concrete

- Grouting Cementitious, Non-shrink, epoxy

Earthwork

- Geosynthetics for Earthwork

- Clearing and Grubbing

- Grading

- Excavation, Backfill and Trenching

- Soil Stabilization (Geotextile, Gabion, Rip Rap)

Exterior Improvements

- Paving

 - Milling

 - Base Courses and Subgrade

 - Flexible Paving (asphaltic tack, prime, binder, paving surface coatings, joint sealants)

 - Pavement Patching

 - Pavement Specialties (speed humps, pavement markings)

 - Curb, Gutter, Sidewalks and Driveways

 - (Road cross-sections-Residential and Commercial Development)

- Planting

Utilities		Topsoil, Seeding
		Turf and Grasses
		Plants
	General	
		Temporary Sewer Bypass Pumping
		Cleaning and CCTV Inspection
		Utility Separation
		Trenchless Construction and Rehabilitation
		Utility Markers and Identification
		Hydrostatic Testing of Pressurized Mains
	Water	Abandonment of Mains and Service Lines
		Manholes (including Water Tightness and protective coating testing)
		Water Distribution
		Water Services and Connections
		Valves, Fire Hydrants, and Appurtenances
		Disinfection of Water Piping
	Sewer	
		Gravity Sanitary Sewer and Connections
		Sewer services and Connections
		Gravity Main and Services Testing-Alignment, Deflection, and Water Tightness
		Sanitary Sewer Force Mains (Low Pressure, High Pressure)
	Storm Drain	
		Storm Drain Piping and Culverts
		Storm Drain Structures
